WM-MICRO

WM-MICRO Wrapping Machine by ISHIDA

A new-generation semi-automatic table-top wrapping machine, characterised by its small footprint. The design and advanced functions are designed to simplify and speed up the operator's work. The 12" touch screen display and mechanical keyboard make operation extremely intuitive for the user. New 300dpi printer at 150mm/sec guarantees labels with a very high print quality. Easy machine cleaning thanks to stainless steel body and removable parts.

Scales and solutions for retail
